

## Join the biggest names in the construction and design industry at CIDCI to change business models to accelerate innovation with these groundbreaking opportunities:

### The Forum, September 2019

Capitalizing on the sold-out success of the 2018 Forum, CIDCI hosts its third Forum in San Francisco in Fall 2019. Hear from innovators, futurists, academics, venture capitalists and disrupters, transforming the design and construction community.

### Salon Series

Stimulate the innovation conversation at “invitation only” events with leading academics and visionaries at two Bay Area events.

### The Innovation Lab, June 2019

An immersive 3 day lab environment organized with leaders from UC Berkeley’s Haas School of Business, where leaders will acquire business tools and techniques to implement and accelerate change in the workplace. Inspire and retain creative staff in collaborative problem-solving with owners, technologists, attorneys, and the design and construction industry.

“CIDCI is a catalyst for innovation-to inspire and empower leaders to challenge the design and construction industry and accelerate change.”

*Stuart Eckbland, FAIA, UCSF Health*

“CIDCI is distinct among the groups in the design and construction industry - CIDCI is the platform to bring change to the industry.”

*Rex Miller, Futurist & Author*
